YEAR OF CONFESSION

VICAR'S MESSAGE

Dear beloved in Christ,

Greetings in the name of our Lord and Saviour Jesus Christ. The grace of God helped us to enter yet another month in this year. Let us thank God for all the manifold blessings we receive day by day in our life. When we receive endless graces from God, we must be thankful to God and remain in God's love.

Mother Teresa once described an experience. Certain years ago a brother told her that he had a calling to work for the lepers. He wanted to dedicate his whole life to it. After listening she replied "Brother, you are mistaken. You are not called for any particular Job. Your calling is to live for Jesus. He has chosen you for himself. Whatever you do, do it for Jesus. Paul in his letter to Corinthians exhorts the people to do everything inspired by God's love. So it does not matter what great thing we do, but it matters whether we are doing it based on the love and commitment towards Jesus.

The challenge of every Christian is to live for Him because Jesus lived and died for us. As the disciples continued the kingdom ministry which started after the death of Jesus, we are also responsible to be the witnesses of Christ in His world. So we can continue our spiritual journey without forgetting our dedication to God, obligations to the church, and compassionate response to society. It's the life of Jesus that motivates us to live a dedicated Christian life.

I praise God for the ministry of Very Rev. Dr. C. K. Mathew and family while they were in Kuwait for the last four years. Let us also pray for the new vicar to come as early as possible. We could gracefully finish our annual general body meeting last week. Thanking God and appreciating the office bearers who took the effort to coordinate everything to make our faith journey of our parish a blessing for all. Also, praising God for all committee members, office bearers of organizations and prayer groups and all the parishioners who rendered their service to the parish in different ways.

I urge all parishioners to make sure a regular participation in attending worship services, prayer meetings and programme of organizations. Children's participation in our programme along with their parents are to be ensured. Children develop their behaviours and perspectives from very early stages of their life. Behavior is learned from the environment through the process of observational learning. Children's presence along with their parents in worship services and in other spiritually enriching programme will help them to root their life in Christ. May the Holy Spirit help all our families to set priorities right and lead a meaningful life.

Yours in Christ,

Sbibu Achen
